1. General

The hyperlink area within the L²P offers the possibility to provide your students with a wealth of useful links, which can be of relevance for the respective course (s. Fig. 1).

To access the respective hyperlinks, simply click on the name of the hyperlink with the left mouse button, which is then forwarded to the corresponding page.

Fig. 1: Example hyperlink area

2. Add Hyperlinks

Click New HYPERLINK to add a link. Enter the URL and a title. Optionally you can add a note and a category to the link for a better description.
